County Commissioners Postpone Any Action on Rural Fire Aid

Jones County Commissioners Court heard two equets for rural fire aid in fighting rural fires but postponed action for further study. Johnny Agnew of Hamlin, commissioner of Precinct 1, was ill and since one of the cities requesting help was Hamlin, in his precinct, the delay was felt necessary.

Mayor Hollis Madden of Hamlin in a letter reminded that his city has a volunteer department with a good record and as a result the City enjoys a low key rate. Mr. Madden said that when the volunteers are out on rural fires the city is left unprotected.

Mr. Madden asked that financial help be forthcoming from the county but he did not spell out just what he proposed. There was no indication of whether a fixed standby charge was sought or whether he wanted a set amount for every run into the country.

Two members of the Anson department, also a volunteer organization appeared before the court and told how the firemen themselves have purchased a truck from the city of Snyder to be equipped for fighting rural fires.

James Harrison Named Trustee

Dr. James Harrison was named by the board of trustees of the Hamlin Public Schools to fill a two year unexpired term of the late Fred B. Moore Jr.

PIPERETTES TO COLEMAN—

Pipers to Meet Avoca Tonight at Stamford

The Pied Pipers, fresh from a district victory over Stamford, 83-45, will meet Avoca tonight (Thursday) at 7 p.m. in the first round of the annual Stamford Tournament. The Pipers are co-favorites with Aspermont in the tourney.

The Pipers will journey to Coleman tonight to play both A and B games there.

The Pipers were winners of the Haskell tournament this week end, downing Haskell in the finals, 55-43. Mike Shivers

len Cumbie 14 and Robert Pearce 10.

The Pipers defeated Munday in the first round at Haskell, 51-46, with Shivers and Pearce each hitting 16 and James Ledbetter 12. They swamped Clyde the second night, 82-32, with Pearce hitting 20, Cumbie 16, David Drummond 15, Shivers 14 and Ledbetter 10.

In their first district outing, the Pipers matched a tight defense with a high scoring offense to rip Stamford 83-45. Shivers led the Pipers with 29 points. Pearce connected with 19, Ledbetter 16, Cumbie 8, Drummond 5, Embrey 4, and Hill 2.

Stamford offense was contained by the Pipers with only one boy hitting in the double figures. Jimmy Doan scored 11 points.

Stamford won the B game, 42-35 with Jack Hawkins scoring 14 for Stamford and Jerry Stuart 8 for Hamlin.

The Pipers will go into the Stamford tourney with a 10-2 season record and Coach Jerry Larned said this week that fine defensive play of his charges has been the big factor in this record. In the last four outings the Pipers have held their op-

ponents to less than 50 points per game. The three teams in the Haskell tourney to face the Pipers averaged only 40 points.

This past week end the Pipers won their first round in the Dyess Tournament downing Baird, 31-22, but then were knocked out of the meet by Wylie, 42-20.

Hamlin forward Judy Jenkins was selected to the all-tournament team.

Several Changes Made in Tax Forms Noted by Agent

By Mrs. B. V. Newberry
Jones County Home Demonstration Agent, Jones County

The government has changed tax forms again, says Mrs. B. V. Newberry, Jones County Home Demonstration Agent and whether you find them simpler or more complicated depends on where your income originates. Here are the most important changes:

Dependent children. You won't have to list them by name and relationship. Just indicate the total number living with you.

A total of 69 cowboys from 17 states and Canada were certified by the Rodeo Cowboys Association as contestants for the first "world series of rodeo".

Employers. No longer necessary to list names and addresses as long as that information is on attached W-2 forms.

Other income. Income from dividends and interest will be itemized on the back of form 1040 instead of on schedule B. The total will be listed on page 1 of the return.

Deductions. You will have only about half the previous space for listing contributions, interest payments, medical payments, medical bills, etc.

Your signature. It will be on page 1 again — too many people forgot to sign when it was on the last page.

People likely to have most trouble with the new returns are those claiming retirement income credit, those eligible to average their income over more than one year, and those reporting capital gains. Even so, the government figures another

The big news out Fairview way this week is sick folks. Almost every family has someone sick with a cold, it may have a more modern sounding name, but it all boils down to an old time flu or cold. Since there was not a child in services Sunday morning, it made us all realize what a dull world this would be if it were not for our little ones. They keep us entertained as well as the joy of watching them grow up, each with their special brand of wit, humor and lovable traits. It would be a dull world, indeed, without them.

Mrs. Flavil Holmes was home Sunday, nursing a severe head cold, which she caught the night of the week.

Melinda, Keenan and Randy Wright are on their second week of being sick with colds. Here is hoping they get well before Santa Claus comes.

Mrs. Kenneth Leverett had a relapse of her cold last week, after having recovered. She, and the little girls, went to Abilene and spent several days with her mother, Mrs. Tanner. There is nothing like the magical touch of mother, when you get sick, it is worth more than all the medicine.

We learned that Mrs. Buck Richie, who had her other foot amputated recently, is home and doing fine. They will soon fit her with another artificial foot and she hopes to be walking before too long, again.

Diane Ford had a severe attack of asthma Saturday night, but was able to be in church Sunday night.

Mr. and Mrs. Roy Taylor, Muleshoe, visited for a while Saturday morning, with the Elmer Joiners. The Taylors were enroute home from Tulsa, Oklahoma, where they had attended a golden wedding celebration, for an aunt of Mr. Taylor.

The pastor and Mr. and Mrs. Winslow Gray, were the only ones from our church, to attend the M night in Stamford, Monday night.

Mr. and Mrs. T. W. Flennikin and Mr. and Mrs. Tommy Flennikin, were visitors in the Drake home, last Thursday night.

Mr. and Mrs. A. L. Moss, of Lamesa, visited with Mr. and Mrs. Fred Rosenbaum, Wednesday.

Sunday visitors of Mr. and Mrs. Joe Ford were, a son, Mr. and Mrs. Udell Ford, of Lamesa, who is who is recovering from several recent heart attacks. Mr. and Mrs. Willard Herrington, and boys, Abilene, a daughter of the Fords, were also present.

Visitors from Rule, Sunday afternoon, of Mr. and Mrs. Henry, were Mrs. Vida Baker and Mrs. Ora McCollough.

Mr. and Mrs. Winslow Gray went to Anson Sunday afternoon, to the hospital, where they visited his father, E. C. Gray, who had a light case of pneumonia.

Sunday visitors of the Elmer Joiners were, Mr. and Mrs. Woodrow Goodwin, and Linda and a son, Buck Joiner, of Odessa, who had spent Saturday night with them.

Rev. Kenneth Leverett ate lunch with the Rosenbaums, Sunday.

Della, Maude and Connie Drake went to Romney, Saturday, where they visited Mr. and Mrs. Gill Walker.

The ladies of the Ruth Sunday School class will have their Christmas party Saturday night, if Mrs. Holmes, who is the teacher, is able it will be in her home, but if she doesn't recover from her cold, it will be else where, to be decided later.

We can now be proud that our kitchen and fellowship hall

BUIE QUITS FARMALL AFTER 36 YEARS

Bernard Buie of Buie's Store in Stamford, confirmed this week that the store is voluntarily retiring from Farmall tractors, after 36 years of such sales and service.

"We do this with a great deal of regret, Buie said, since we estimate we have delivered over three thousand tractors in the long years we have worked with the farmers of West Texas. Many of our present customers' grandfathers bought tractors from us, and the best friends we have ever made are these good customers.

"It has been increasingly hard to make farm machinery pay its way—and each year its loss has been greater. We are taking the only positive solution we know, and we will miss the Farmall business in many ways.

"We will continue to have an extreme discount on many parts, sweeps and farm equipment and promise our friends plenty of money saving values for the farm. We want to thank the thousands of folks we have sold and serviced this farm equipment, for these many years and hope they will come by and visit with us. We are indeed sorry to see the spread for what the farmer gets for his products and the prices charged him for finished goods grow greater each year. (Adv.)

the Long Arm of God

There may be times when your church seems to be growing slowly, when you become discouraged because your work seems to bear no fruit. Don't be discouraged. The Lord would say to you in Deut. 1:21, "Fear not, neither be discouraged," for I am with you.

During the very time you are discouraged, the Lord may have good news for you. This period of time may be more spring than winter. It is an open secret that God's arm is not shortened that he cannot save; neither is his ear heavy that He cannot hear.

Therefore, let us keep on working and praying that we may in our hearts possess the land of rest and comfort and peace with God. "The glory of the Lord shall be thy reward." He tells us in Isaiah 58:9, "Then thou shalt call, and the Lord shall answer; thou shalt cry, and He shall say, Here I Am."

We pray that the church and its fellowship will be your dearest treasure. May the church be the place where your "heart interest" lies. We invite you to attend services this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Neinda Philosopher Says Washington Has No Business Helping States Find New Tax Sources

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 apparently had his mind on taxes, his letter this week indicates.

Dear editor:

I found a copy of the Congressional Record on the road near my place the other day. I don't know how it got there, as far as I know there never has been a Congressman to set foot on this Johnson grass farm, which is balanced off by the fact I've never set foot in Washington; at any rate, I took the Record back to my house and was thumbing through it, reading a lot of speeches and debates and what is called extended remarks, when over on page 48 my eye caught a discussion on taxes.

According to this Congressman, I forget which state he

was from, the Federal government ought to drop what he called a real estate transfer tax.

That's what caught my eye. Any time anybody starts talking about discontinuing a tax, naturally you perk up. It's like finding the bank made an error in your favor. I don't know what a real estate transfer Federal tax is, but if somebody wants to drop it, let it fall.

But I kept reading and what this Congressman was proposing was dropping the tax, all right, but dropping it so it could be picked up by the states.

The states, he said, need more revenue and here's a good chance to help them out.

If this is what they mean when they say they're in favor of cutting Federal taxes, I'd just as soon they talked about something else.

This is Federal interference

TRAVEL TALK—

DEAD SEA LOWEST PLACE ON EARTH

By Hulin Fowler
Editor's note: This is the sixth in a series of articles describing Mr. Fowler's experiences in the Bible Lands. Write to him in care of this newspaper for answers to your travel questions.

The road from Jerusalem led imperceptibly downward for we were on our way to the Dead Sea, the lowest spot on the face of the earth.

Christmas was less than a month away and we were in the heart of the land of the nativity. This season in the United States is associated with snow and cold weather, yet here in Jordan the air was hot, dry and still, the road winding and dusty.

Our first stop was Bethlehem, about 10 miles south of Jerusalem. On the way we passed Shepherd's Field, encircled by a stone wall, said to be the site where an angel of the Lord told the shepherds that a King was born (Luke 2:8). Beyond, we could see the Field of Boaz, mentioned in Ruth 1:22, and later we visited the tomb of Rachel, a small domed building said to be erected on the site where she died giving birth to Benjamin.

In a small shop we purchased some Christmas cards which, sent by surface mail, arrived just in time for Christmas back home.

Doubling back to Bethany we stopped at the Inn of the Good Samaritan, the traditional site marked now by some old stone walls and mosaics, supposedly left from the time when the Samaritan took the beaten traveler in his care.

Now we were on a road that was "down all the way", as the Bible says, leading to the Dead Sea, and a magnificent sight opened before our eyes. Like looking down on history we could see Jericho on the left and the Dead Sea on the right. The Jordan River, where Jesus was baptized by John, wound gracefully down through mountains 200 miles to pass through the Sea of Galilee to lose itself in the Dead Sea.

Finally we arrived at the Dead Sea which, strangely enough, is not so forbidden as its name. Though its banks are treeless and barren, the waters were calm and a clear blue. The sea, the lowest spot on earth at 1,300 feet below sea level, is 53 miles long and 10 miles wide. The waters are six times as salty as the ocean and fish which get caught in the swift waters of the Jordan die upon entering the salty brine. The water has a bitter taste due to the magnesium content and oily feeling from calcium. The taste of the water remained in our mouth all day.

From the shores we could see the Mountains of Moab and the hills of Judeah, and it is said that the sinful city of Sodom and Gomorrah lie beneath the inland sea's still waters. A

beautiful hotel, with the picturesque name of the Dead Sea Hotel, has been constructed on the north shore and, despite the barrenness of the land, boasts a beautiful beach.

Leaving the Dead Sea we drove on to Jericho, the oldest known city site in the world. Although modern Jericho is a community of about 35,000 people, ancient Jericho is simply a mound composed entirely of debris of human existence dating back to at least 8,000 years before Christ.

The mound has been extensively excavated by the British, who recently found a town hall and a defense tower built before 7,000 B. C. and portrait heads of plaster over human skull done about 4,500 B. C., the earliest examples of portraiture.

Although the discoveries have shed little light on the fall of Jericho, they have added a wealth of artifacts now reposing in museums all over the world.

About twelve miles northwest of Jericho are the caves of Khirbet Qumran, where the famed Dead Sea Scrolls were found by Bedouin shepherds looking for a lost goat. Written by hermits who fled wicked Jerusalem in about 140 B. C., the goat skin scrolls—in Hebrew, Aramaic and Greek—have given civilization its clearest picture of life around the time of Christ.

The scrolls can be seen daily in the Palestine Archaeological Museum, silent but effective witnesses to that ancient and holy time.

Next week: The Lost City.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex.—Gov. John Connally delayed second inauguration program may set some records for simplicity.

The Legislature, in an informal poll, has agreed to postpone the inauguration from Jan. 19 to Jan. 26. This to avoid conflict with the swearing-in of President Johnson in Washington on January 20. Formal approval of the delay will be necessary after lawmakers convene on Jan. 12.

There will be no parade, inaugural ball or all-night reception for Connally.

Governor Connally and Lt. Gov. Preston Smith will take the oath of office at high noon at the state capitol. An afternoon reception will follow at the governor's mansion.

Dancing and entertainment is scheduled the night before—at a big Democratic victory dinner in Austin's Municipal Auditorium.

More than 500 Texans are expected to make the pilgrimage to Washington to see President Johnson sworn in. Texas officials, state college and university bands and marching groups will have a prominent place in the Washington festivities.

COURT SPEAKS

State Supreme Court held it had no jurisdiction in a suit questioning ownership of famed Spindletop oil field. Lower courts would not disturb title to the Jefferson County lands.

Third Court of Civil Appeals heard arguments that a district court should grant a full trial of oyster fishermen's challenge of increased shell dredging in Trinity and Galveston Bays. Attorney for oystermen say State Parks and Wildlife Commission has violated constitutional process. They refer to an October, 1963, ruling. It allowed dredging within 300 feet of live oyster reefs. Fifteen-hundred feet was the old limit. An Austin district court has held oystermen cannot bring the suit because they have no vested interest in oysters in state waters.

Bodies, Carr said, are not to be considered "property" or "commodities" within language of the motor carrier statute.

In another opinion, the Attorney General held Texas Board of Registration for Professional Engineers has no authority to reopen an application it rejected 26 years ago and issue a certificate.

Unemployment in Texas during October dropped to 133,000.

3.5 per cent of the labor force, Texas Employment Commission reports. This is 3,000 below the September level and 20,000 under October, 1963.

TEC also reports that the state unemployment compensation trust fund finished the year in the black for the first time in eight years due to the decline in joblessness. Number of claimants for unemployment insurance dropped 12 per cent.

UT LAND LEASE

University of Texas leases of 47,770 acres of land brought \$2,076,000 or an average of \$43.46 an acre at the 49th public auction.

Land Commissioner Jerry Sadler reports that bidding was active on 140 of the 169 tracts offered. Tracts included acreage located in Reagan, Crockett, Schleicher, Terrell and Ward Counties.

REGENTS PRESSURE DENIED

Governor Connally heatedly denied he pressured University of Texas regents into withdrawing appointment of an El Paso architectural firm to plan a new building.

Regent John S. Redditt of Lufkin resigned from the board. He was quoted as saying he quit because of Connally's "dictation to the board" and regents "bowing to pressure."

"I categorically deny I have ever attempted to dictate to Senator Redditt or any member of the board with respect to any matter concerning the University," Connally told reporters.

A rider to the appropriations bill last year gave the governor

authority to approve or disapprove appointments of architects for state buildings.

Connally said he did not ask the power but would "live up to it."

He stated he did not "act one way or another" on regents proposal to hire the El Paso firm of Nesmith Lane and Associates to plan a \$2,000,000 science-mathematics building at Texas Western College, El Paso.

Nesmith, head of the firm, is an active Republican and has charged Connally with withheld approval of the selection for political reasons.

SHORT SNORTS

Sen. Murry Watson of Mart has requested the U. S. Office of Economic Opportunity to consider location of a job corps training camp at Connally Air Force Base near Waco after it is closed in 1966.

Governor Connally said he has no intention of asking the Legislature to change teacher accreditation procedures.

'Accidental Death Alert' to Begin 11-Day Vigil Thursday, Dec. 24

AUSTIN, Tex. — The Texas Safety Association today issued its annual "Accidental Death Alert" for the 1964 Christmas-New Year holiday period.

The 11-day alert begins at 12:01 a.m. Thursday, Dec. 24. It continues with the annual death watch of the Department of Public Safety.

In appealing to all citizens to be on the alert for hazards, TSA President Quincy V. Tuma of Houston, said it is estimated that 105 persons will be killed in traffic and 45 persons in other accidents.

"However, this tragic toll can be reduced if everyone will put safety first — at home, at work or behind-the-wheel," he added.

He challenged citizens to accept their moral responsibility to conduct themselves in a safe manner and to practice the Golden Rule.

"Be thy brother's keeper." Last year, during a nine-day holiday period, 132 persons lost their lives in accidents in Texas. There were 84 persons killed in other types of accidents.

Christmas eve took the heaviest toll in traffic deaths—14 persons. Christmas Day and New Years Day had 13 traffic fatalities each.

The Association President pointed out that traffic fatalities for the first 11 months of this year increased about 12 percent over the same period in 1963.

"This trend, plus the fact that December is one of the most dangerous months of the year, traffic fatalities were only Christmas Day and New Year's

County Commissioners Postpone Any Action on Rural Fire Aid

Jones County Commissioners Court heard two equets for financial help in fighting rural fires but postponed action for further study. Johnny Agnew of Hamlin, commissioner of Precinct 1, was ill and since one of the cities requesting help was Hamlin, in his precinct, the delay was felt necessary.

Mayor Hollis Madden of Hamlin in a letter reminded that his city has a volunteer department with a good record and as a result the City enjoys a low key rate. Mr. Madden said that when the volunteers are out on rural fires the city is left unprotected.

Mr. Madden asked that financial help be forthcoming from the county but he did not spell out just what he proposed. There was no indication of whether a fixed standby charge was sought or whether he wanted a set amount for every run into the country.

Two members of the Anson department, also a volunteer organization appeared before the court and told how the firemen themselves have purchased a truck from the city of Snyder to be equipped for fighting rural fires.

They reported that they still owe some money on the truck and said they would like for the county to bear some of the cost.

In other business Monday, the commissioners heard a request from Sheriff Dave Reeves for two new cars for his department. Present cars he said, have about 50,000 miles on them and maintenance costs are getting high. The cars will be two years old in May.

The sheriff also asked that some new mattress and blankets be obtained for the jail. "We need some new office furniture, chairs particularly" the sheriff added.

Judge Leon Thurman put in quickly that just about every office in the court house needed some new office furniture.

The court asked Sheriff Reeves to work up his specifications and they would advertise for bids on the two cars. Prices will be obtained on renovating the present mattresses to see of that route will be cheaper than buying new ones.

While the sheriff was in the commissioners presence, he asked about expenses of his department. Cost of "extra help"

PIPERETTES TO COLEMAN—

Pipers to Meet Avoca Tonight at Stamford

The Pied Pipers, fresh from a district victory over Stamford, 83-45, will meet Avoca tonight (Thursday) at 7 p.m. in the first round of the annual Stamford Tournament. The Pipers are co-favorites with Aspermont in the tourney.

The Piperettes will journey to Coleman tonight to play both A and B games there.

The Pipers were winners of the Haskell tournament this week end, downing Haskell in the finals, 55-43. Mike Shivers

len Cumble 14 and Robert Pearce 10.

The Pipers defeated Munday in the first round at Haskell, 51-46, with Shivers and Pearce each hitting 16 and James Ledbetter 12. They swamped Clyde the second night, 82-32, with Pearce hitting 20, Cumble 16, David Drummond 15, Shivers 14 and Ledbetter 10.

In their first district outing, the Pipers matched a tight defense with a high scoring offense to rip Stamford 83-45. Shivers led the Pipers with 29 points. Pearce connected with 19, Ledbetter 16, Cumble 8, Drummond 5, Embrey 4, and Hill 2.

Stamford offense was contained by the Pipers with only one boy hitting in the double figures. Jimmy Doan scored 11 points.

Stamford won the B game, 42-35 with Jack Hawkins scoring 14 for Stamford and Jerry Stuart 8 for Hamlin.

The Pipers will go into the Stamford tourney with a 10-2 season record and Coach Jerry Larned said this week that fine defensive play of his charges has been the big factor in this record. In the last four outings the Pipers have held their op-

ponents to less than 50 points per game. The three teams in the Haskell tourney to face the Pipers averaged only 40 points.

This past week end the Piperettes won their first round in the Dyess Tournament downing Baird, 31-22, but then were knocked out of the meet by Wylie, 42-20.

Twenty year dream of Hamlin citizens for paving in the residential district is being realized this week with start of a project around Hamlin High School.

5 YEARS AGO: Senator Lyndon B. Johnson of Texas — whose name is one of four repeatedly mentioned for the Democratic nomination for president said emphatically Tuesday that he is not running in that race.

Several Changes Made in Tax Forms Noted by Agent

By Mrs. B. V. Newberry Jones County Home Demonstration Agent, Jones County

The government has changed tax forms again, says Mrs. B. V. Newberry, Jones County Home Demonstration Agent and whether you find them simpler or more complicated depends on where your income originates. Here are the most important changes:

Dependent children. You won't have to list them by name and relationship. Just indicate the total number living with you.

A total of 69 cowboys from 17 states and Canada were certified by the Rodeo Cowboys Association as contestants for the first "world series of rodeo".

Employers. No longer necessary to list names and addresses as long as that information is on attached W-2 forms.

Other income. Income from dividends and interest will be itemized on the back of form 1040 instead of on schedule B. The total will be listed on page 1 of the return.

Deductions. You will have only about half the previous space for listing contributions, interest payments, medical payments, medical bills, etc.

Your signature. It will be on page 1 again — too many people forgot to sign when it was on the last page.

People likely to have most trouble with the new returns are those claiming retirement income credit, those eligible to average their income over more than one year, and those reporting capital gains. Even so, the government figures another

By MRS. ELMER JOHNSON

The big news out Fairview way this week is sick folks. Almost every family has someone sick with a cold, it may have a more modern sounding name, but it all boils down to an old time flu or cold. Since there was not a child in services Sunday morning, it made us all realize what a dull world this would be if it were not for our little ones. They keep us entertained as well as the joy of watching them grow up, each with their special brand of wit, humor and lovable traits. It would be a dull world, indeed, without them.

Mrs. Flavil Holmes was home Sunday, nursing a severe head cold, which she caught the first of the week.

Melinda, Keenan and Randy Wright are on their second week of being sick with colds. Here is hoping they get well before Santa Claus comes.

Mrs. Kenneth Leverett had a relapse of her cold last week, after having recovered. She, and the little girls, went to Abilene and spent several days with her mother, Mrs. Tanner. There is nothing like the magical touch of mother, when you get sick, it is worth more than all the medicine.

We learned that Mrs. Buck Richie, who had her other foot amputated recently, is home and doing fine. They will soon fit her with another artificial foot and she hopes to be walking before too long, again.

Diane Ford had a severe attack of asthma Saturday night, but was able to be in church Sunday night.

Mr. and Mrs. Roy Taylor, Muleshoe, visited for a while Saturday morning, with the Elmer Joiners. The Taylors were enroute home from Tulsa, Oklahoma, where they had attended a golden wedding celebration, for an aunt of Mr. Taylor.

The pastor and Mr. and Mrs. Winslow Gray, were the only ones from our church, to attend the M night in Stamford, Monday night.

Mr. and Mrs. T. W. Flennikin and Mr. and Mrs. Tommy Flennikin, were visitors in the Drake home, last Thursday night.

Mr. and Mrs. A. L. Moss, of Lamesa, visited with Mr. and Mrs. Fred Rosenbaum, Wednesday.

Sunday visitors of Mr. and Mrs. Joe Ford were, a son, Mr. and Mrs. Udell Ford, of Lamesa, who is who is recovering from several recent heart attacks. Mr. and Mrs. Willard Herrington, and boys, Abilene, a daughter of the Fords, were also present.

Visitors from Rule, Sunday afternoon, of Mr. and Mrs. Henry, were Mrs. Vida Baker and Mrs. Ora McCollough.

Mr. and Mrs. Winslow Gray went to Anson Sunday afternoon, to the hospital, where they visited his father, E. C. Gray, who had a light case of pneumonia.

Sunday visitors of the Elmer Joiners were, Mr. and Mrs. Woodrow Goodwin, and Linda and a son, Buck Joiner, of Odessa, who had spent Saturday night with them.

Rev. Kenneth Leverett ate lunch with the Rosenbaums, Sunday.

Della, Maude and Connie Drake went to Romey, Saturday, where they visited Mr. and Mrs. Gill Walker.

The ladies of the Ruth Sunday School class will have their Christmas party Saturday night, if Mrs. Holmes, who is the teacher, is able it will be in her home, but if she doesn't recover from her cold, it will be elsewhere, to be decided later.

We can now be proud that our kitchen and fellowship hall

Piper Band Places Twenty-Five On 105 Member District Band

By Nancy Ford

The students of Hamlin High School have been quite busy the past week with basketball games and tournaments, band events, club meetings, and a wool contest.

On Thursday, Dec. 10, the girls and boys on the basketball teams traveled to Abilene and Haskell for the Dyess and Has-

is all finished, and paid for. Our church is small and we may go down some day, but at least we will do down trying, "and eating".

kell tournaments. The Piperettes beat Baird, the tournament favorite, 31 to 22, but suffered a defeat to Wylie on Friday. The Pipers were victorious in the Haskell Tournament, winning over Munday, Clyde, and Haskell, our boys brought home a first place trophy on Saturday, Dec. 12. Last Tuesday the Pipers played their first district game at Stamford. Backing the Pipers all the way, we shall look forward to the rest of the basketball season.

The Piper Band has completed two more of its goals of the year: All-District Band and the annual Christmas Concert. On

Saturday, December 12, twenty-five band students went to Sweetwater to try out for the All District Band of 105 members. All twenty-five students made the band. They were clarinet—Jack Townley, Marolyn Reynolds, Linda Legan, Vicki Newland, and Sue Roddy; alto saxophone—Carolyn Reynolds, Reba Jackson; flute—Margaret Ann Johnson, Jayne Carol Turner, Terese Perrin; cornet—John Osborn, James Knabel, Randy George, Edward Lee Green; tenor saxophone—Jimmy Hawkins; oboe—Margie Young; bass clarinet—Lynn Brannon; trombone—Gary Caudle; bass horn—Gary Hester, Johnny Snapp, Randy Morgan; baritone horn—Pat Jenkins; bassoon—Donnelle Hill; French horn—J. R. Binniker; and alto clarinet—Christy Wallace.

The annual Christmas Festival was presented by all of the

Hamlin bands, Monday, December 14. The Beginner Band, the Junior High Band, the High School Band, and the Stage Band presented a concert of music ranging from instrumental and vocal solos to the traditional Christmas numbers.

Mary Lois Patterson and Nancy Ford, winners of first and third places in the county contest, competed in the district Make It Yourself - Winter contest, at Lubbock, Saturday, Dec. 12.

The Future Homemakers of America met in the Homemaking lab, Friday, Dec. 11 at 12:30. After eating the lunch prepared by the Freshmen girls, the chapter elected the FHA beat who will be announced later.

The Sophomore Class is sponsoring a cake sale Saturday Dec. 19. A booth will be set up downtown from 9:00 a.m. to 2:00 p.m. Save your time and

energy; buy a cake for the holidays. Thought of the day: Being wrong isn't a hopeless condition, but being unable to admit it puts us in an impossible situation.

Lois Jarrell, representative of the national staff, Camp Fire Council, met with local board members here last week to discuss the Camp Fire program on the local level.

BUIE QUILTS FARMALL AFTER 36 YEARS

Bernard Buie of Buie's Store in Stamford, confirmed this week that the store is voluntarily retiring from Farmall tractors, after 36 years of such sales and service.

"We do this with a great deal of regret, Buie said, since we estimate we have delivered over three thousand tractors in the long years we have worked with the farmers of West Texas. Many of our present customers' grandfathers bought tractors from us, and the best friends we have ever made are these good customers.

"It has been increasingly hard to make farm machinery pay its way—and each year its loss has been greater. We are taking the only positive solution we know, and we will miss the Farmall business in many ways.

"We will continue to have an extreme discount on many parts, sweeps and farm equipment and promise our friends plenty of money saving values for the farm. We want to thank the thousands of folks we have sold and serviced this farm equipment, for these many years and hope they will come by and visit with us. We are indeed sorry to see the spread for what the farmer gets for his products and the prices charged him for finished goods grow greater each year. (Adv.)

the Long Arm of God

There may be times when your church seems to be growing slowly, when you become discouraged because your work seems to bear no fruit. Don't be discouraged. The Lord would say to you in Deut. 1:21, "Fear not, neither be discouraged," for I am with you.

During the very time you are discouraged, the Lord may have good news for you. This period of time may be more spring than winter. It is an open secret that God's arm is not shortened that he cannot save; neither is his ear heavy that He cannot hear.

Therefore, let us keep on working and praying that we may in our hearts possess the land of rest and comfort and peace with God. "The glory of the Lord shall be thy reward." He tells us in Isaiah 58:9, "Then thou shalt call, and the Lord shall answer; thou shalt cry, and He shall say, Here I Am."

We pray that the church and its fellowship will be your dearest treasure. May the church be the place where your "heart interest" lies. We invite you to attend services this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Neinda Philosopher Says Washington Has No Business Helping States Find New Tax Sources

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 apparently had his mind on taxes, his letter this week indicates.

Dear editor:

I found a copy of the Congressional Record on the road near my place the other day. I don't know how it got there, as far as I know there never has been a Congressman to set foot on this Johnson grass farm, which is balanced off by the fact I've never set foot in Washington; at any rate, I took the Record back to my house and was thumbing through it, reading a lot of speeches and debates and what is called extended remarks, when over on page 48 my eye caught a discussion on taxes.

According to this Congressman, I forget which state he

was from, the Federal government ought to drop what he called a real estate transfer tax.

That's what caught my eye. Any time anybody starts talking about discontinuing a tax, naturally you perk up. It's like finding the bank made an error in your favor. I don't know what a real estate transfer Federal tax is, but if somebody wants to drop it, let it fall.

But I kept reading and what this Congressman was proposing was dropping the tax, all right, but dropping it so it could be picked up by the states.

The states, he said, need more revenue and here's a good chance to help them out.

If this is what they mean when they say they're in favor of cutting Federal taxes, I'd just as soon they talked about something else.

This is Federal interference

in its worst form. It's not the Federal government's job to help states find more tax revenue. Let em find it on their own. The last thing we need is somebody in Washington telling the 50 state governments where they can get more money, any more than we need the state governments telling the cities, towns and counties where they can get more.

It's been my observation that if there's a new source of tax revenue lurking around, it'll be found, without any help from Washington.

Yours faithfully,
J. A.

OLD GLORY ...

By Judy White

Basketball:

Old Glory girls captured their division in the Guthrie Invitational Tournament last week. Their first win was over Goree, then Girard and finally they defeated the Guthrie girls 49-34.

Three girls were picked for the All-Tourney team. They were Carolyn Sander, Linda

Newman and Stephanie Letz.

Old Glory boys won over the Girard team, but were defeated for first place by the Guthrie team in very close game. The final score was 43-42.

All-Tourney boy from Old Glory was Jerry Hahn.

Old Glory School will dismiss for Christmas holidays on Friday, Dec. 18. Classes will resume on Monday, Dec. 28.

The Old Glory area received 6 inch of rain last week. This was very beneficial to the wheat fields.

A group of relatives and friends dropped in at the home of Mrs. Tillie Dippel last Sunday to honor her on her birthday. Those who called were Mrs. August Balzer of Sageron, Mrs. Katie Gerloff, Mrs. Adelle Dudensing, Mr. and Mrs. Herman Letz, and Mr. and Mrs. Ben Klump.

Mr. and Mrs. Louis Spitzer and Mr. and Mrs. Charlie Letz visited relatives in Fort Worth last week.

The Old Glory community was saddened last week by the death of two former residents.

Funeral services were held for Walter W. Trice of Stamford on Wednesday, Dec. 9, in the Kinney Funeral Home there.

Mr. Trice was a resident of the Old Glory community for many years. He was the father of Mrs. Aaron House. Other surviving are two sons, W. B. of Stamford and M. E. of Rule, five daughters including Mrs. House, also Mrs. Norris Bailey and Miss Hazel Trice of Stamford, Mrs. W. D. Dugger of Brownfield and Mrs. Dale Rainey of Haskell; one grandchild; and two sisters, Miss Hattie Trice and Mrs. Lucy Osborn, of Comanche.

Herman Mischer of Garland, Texas, passed away on Tuesday, Dec. 8. Herman was the son of Mr. and Mrs. Kuno Mischer. He was reared here and attended Old Glory School.

Funeral services were held in Garland on Thursday morning and burial in the Old Glory cemetery on Thursday afternoon at 4:30.

Besides his parents he is survived by his wife, Helen.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Gov. John Connally delayed second inauguration program may set some records for simplicity.

The Legislature, in an informal poll, has agreed to postpone the inauguration from Jan. 19 to Jan. 26. This to avoid conflict with the swearing-in of President Johnson in Washington on January 20. Formal approval of the delay will be necessary after lawmakers convene on Jan. 12.

There will be no parade, inaugural ball or all-night reception for Connally.

Governor Connally and Lt. Gov. Preston Smith will take the oath of office at high noon at the state capital. An afternoon reception will follow at the governor's mansion.

Dancing and entertainment is scheduled the night before — at a big Democratic victory dinner in Austin's Municipal Auditorium.

More than 500 Texans are expected to make the pilgrimage to Washington to see President Johnson sworn in. Texas officials, state college and university bands and marching groups will have a prominent place in the Washington festivities.

COURT SPEAKS

State Supreme Court held it had no jurisdiction in a suit questioning ownership of famed Spindletop oil field. Lower courts would not disturb title to the Jefferson County lands.

Third Court of Civil Appeals heard arguments that a district court should grant a full trial of oyster fishermen's challenge of increased shell dredging in Trinity and Galveston Bays. Attorney for oystermen say State Parks and Wildlife Commission has violated constitutional process. They refer to an October, 1963, ruling. It allowed dredging within 300 feet of live oyster reefs. Fifteen hundred feet was the old limit. An Austin district court has held oystermen cannot bring the suit because they have no vested interest in oysters in state waters.

ers.

Third Court set a May 19 hearing on suit of Houston tobacco dealer Mair J. Schepps to regain his license to distribute cigarettes. Comptroller Robert S. Calvert revoked the license on Oct. 30.

HOSPITAL PROBE ASKED

Rep Paul B. Haring of Goldad has urged that House and Senate general investigating committees begin an immediate probe of the state hospital system, starting with Austin State Hospital.

Haring submitted to Lieutenant Governor Smith and House Speaker Byron Tunnell of Tyler statements by former Austin State Hospital employees alleging improper behavior by a doctor there. He claimed two of the employees were fired for complaining.

State hospital authorities denied the allegations. There was no comment from Smith or Tunnell.

AG OPINION

Atty. Gen. Waggoner Carr has ruled that State Railroad Commission's Motor Transportation Division is without authority to regulate transportation of dead human bodies.

Bodies, Carr said, are not to be considered "property" of the motor carrier statute.

In another opinion, the Attorney General held Texas Board of Registration for Professional Engineers has no authority to reopen an application it rejected 26 years ago and issue a certificate.

JOBLESS RATE DECLINES

Unemployment in Texas during October dropped to 133,000,

3.5 per cent of the labor force, Texas Employment Commission reports. This is 3,000 below the the September level and 20,000 under October, 1963.

TEC also reports that the state unemployment compensation trust fund finished the year in the black for the first time in eight years due to the decline in joblessness. Number of claimants for unemployment insurance dropped 12 per cent.

UT LAND LEASE

University of Texas leases of 47,770 acres of land brought \$2,076,000 or an average of \$43.46 an acre at the 49th public auction.

Land Commissioner Jerry Sadler reports that bidding was active on 140 of the 169 tracts offered. Tracts included acreage located in Reagan, Crockett, Schleicher, Terrell and Ward Counties.

REGENTS PRESSURE DENIED

Governor Connally heatedly denied he pressured University of Texas regents into withdrawing appointment of an El Paso architectural firm to plan a new building.

Regent John S. Redditt of Lufkin resigned from the board. He was quoted as saying he quit because of Connally's "dictation to the board" and regents "bowing to pressure."

"I categorically deny I have ever attempted to dictate to Senator Redditt or any member of the board with respect to any matter concerning the University," Connally told reporters.

A rider to the appropriations bill last year gave the governor

authority to approve or disapprove appointments of architects for state buildings. Connally said he did not ask the power but would "live up to it."

He stated he did not "act one way or another" on regents proposal to hire the El Paso firm of NeSmith Lane and Associates to plan a \$2,000,000 science-mathematics building at Texas Western College. Rea Nesmith, head of the firm, is an active Republican and has charged Connally withheld approval of the selection for political reasons.

SHORT SNORTS

Sen. Murry Watson of Mart has requested the U. S. Office of Economic Opportunity to consider location of a job corps training camp at Connally Air Force Base near Waco after it is closed in 1966.

Governor Connally said he has no intention of asking the Legislature to change teacher accreditation procedures.

Everyone needs something electric. With this in mind, take your list to your Electric Appliance Dealer. He has a vast selection that will delight even the hardest to please. An electric toaster is just what Aunt Bessie needs. Grandma has always admired your automatic coffee pot, why not one for her? Can't you just see Junior's eyes on Christmas morning, when he sees his electric train! Sis is always borrowing your steam iron when you need it. Of course Grandma has been hinting for a new shaver. Dad practically knows he's getting a new electric drill; can't disappoint him. An ice crusher would go over big with Uncle Fred. Put everyone's name on the waffle iron. See how easy it is to finish your list. Electric gifts keep on giving pleasure for years to come. Just plan to make this an electric Christmas and watch your gifts be appreciated more than ever before. See your Electric Appliance Dealer now!
